Satellite Expansion: The Cartagena Duplex (Proof of Concept)

The Brand Engine applied to high-yield residential assets — a managed 'What If' Airbnb experience

● GLOBAL EXPANSION

CARTAGENA, COLOMBIA · LUXURY DUPLEX VISION

THE CONCEPT

Not a hotel — a managed, brand-integrated 'What If' Airbnb experience.

O.P.R.E. model: Other People's Real Estate + Managed Service Fee

Strategic Details

- *Location:* Cartagena, Colombia
- *Market Insight:* 4.5M+ annual tourists, surging demand for curated high-end short-term rentals
- *Asset Type:* Duplex — residential, not commercial; lower barrier, higher flexibility
- *Strategy:* Managed Asset (O.P.R.E.) + Managed Service Fee — brand earns without owning
- ***Structure:* One investor, one property — lean, fast, and replicable**

The Brand Travels

Proving the 'What If' Demand Engine scales across asset types & geographies

Why This Model?

Rapid scaling with low capital entry

No ownership required — managed service model keeps capital light.

*High brand visibility in an international lifestyle hub
Cartagena puts 'What If' on the global map.*

Proof of concept for the 'What If' Demand Engine

Residential setting validates the model beyond retreat venues.

Total \$2.05M · +\$400K imp · \$150K pre-op · \$300K res

STRATEGIC FILTER

Focused on high-yield, brand-aligned destinations spanning mountain sanctuaries, lakeside retreats, UNESCO-heritage luxury, and Latin American expansion.

The Transformation Plan

We’re converting a historic private estate into a boutique destination—purpose-built for Lola & Ber signature programming and year-round service to our community.

Feature	Existing	Proposed
Guest Capacity	8-12 Guests	30-50 guests (20 keys)
Event Space	Private residential	Indoor gathering spaces + dedicated outdoor venues
Lodging	Main house bedrooms	Main house suites + new A-frames & glamping pods
Amenities	Pool, great room	Fully equipped spa, hot tubs, commercial kitchen & group dining

Key Investor Metrics*

- Gross Margin: 60%
- EBITDA (2028): 36%

** Projections are for the first full year of stabilized operations and are based on the finalized financial assumptions.*
